

Each month, we proudly feature a superb winery or specific region known for producing incredible wines. For the month of December, we are honored and pleased to feature the wines of

GAJA WINERY AND ESTATE

This unbelievable family-owned winery and estate has had a long and very prestigious history of producing some of the best and highly sought after wines in Italy. Probably most famous for its single-vineyard BAROLO AND BARBARESCOS of Piemonte, GAJA started way back in 1859 with Giovanni Gaja and stretches across 4 generations to its current owner, Angelo Gaja. In 1994, the estate acquired its first properties in Toscano (Tuscany). Now, along with their famous Nebbiolos, their Cabernet Sauvignon, Merlot, and Sangiovese based wines are considered some of the best wines in the world. We invite you to join us for an incredible evening in tasting a few of these amazing wines for ONE NIGHT ONLY.
